

STUDENTS

Policy 2750 **(Regulation 2750)**

Student Welfare

Wellness

The District is committed to the optimal development of every student. The District believes that for students to have the opportunity to achieve personal, academic, developmental and social success, there needs to exist a positive, safe and health-promoting learning environment at every level, in every setting, throughout the school year.

The District promotes healthy schools, by supporting wellness, good nutrition, and regular physical activity as part of the total learning environment. The District supports a healthy environment where children learn and participate in positive dietary and lifestyle practices. Schools contribute to the basic health status of children by facilitating learning through the support and promotion of good nutrition and physical activity. Improved health optimizes student performance potential.
