COVID-19 District Guidelines

It is a top priority for the Lonedell R-14 School District to ensure a safe and healthy environment for all students and staff. Guidelines are posted on the Lonedell R-14 School District website (www.lonedell.org). These guidelines are safety measures and will adjust depending on guidance from the local health department, state, CDC, and federal government agencies. Items listed in the COVID-19 District Guidelines will trump policies and procedures listed in this handbook. Thanks for helping to ensure a safe school environment by following the provided guidelines.

All About Lonedell R-14

Belief, Vision, and Mission of Our School

BELIEF: It is the belief of the Board of Education, the administration, and the faculty and staff of the Lonedell R-XIV School District that (1)all children will learn; (2)every child has the right to a quality education; and (3)every child has a responsibility to actively participate in their education.

VISION: To be a staff respected by the community, who provides a safe, engaging, and positive education for all children.

MISSION: Success, Nothing Less! It is the mission of the Lonedell R-XIV School District, in partnership with the community, to teach all children, providing them with an excellent education, making them productive members of society.

PURPOSE: The Board of Education recognizes the positive effects of parents/families' involvement in the education of their children. The Board is committed to strong parent/family involvement in working collaboratively with district staff as knowledgeable partners in educating district students.

Lonedell R-XIV School District Goals

In order to implement the Board's commitment to parent/family involvement in students' education, the District has implemented a Parent/Family Involvement Plan with the following features:

*A committee of parents, staff, and community representatives, appointed by the Superintendent, will serve as the district's Parent Involvement Committee. The Committee's responsibilities will include recommendations for program development, parent/staff training and program evaluation. Program evaluation reports will be prepared and submitted to the Superintendent annually by June 1. This is in accordance to ***Policy 1405 (Regulation 1405)**

1. Regular two way communication between school and parents/families. Such communication will include but not be limited to scheduled parent visits to school, electronic communication, use of daily planners and folders, use of translators, parent volunteers, and other programs recommended by the Parent/Family Involvement Committee.
2. Assist parents in developing positive, productive parenting skills, as well as positive productive means of interacting with District administrators and staff.

3. Provide professional development opportunities for District staff to facilitate productive parent/school involvement in promoting education of District students.
4. Involve parents in meaningful activities to enhance student learning.
5. Enhance opportunities for parents/families to visit schools in a safe and open atmosphere. Such opportunities will include, but are not limited to, identifying roles for parent volunteers, providing training for volunteers and provision of family activities at school.
6. Affirmatively involve parents in school decisions which affect their children.
7. Utilize community resources to promote and strengthen school programs, family practices, and student learning.

Student Assignments

The administration and staff will make all student assignments. These assignments are based on the child's educational and social needs. If the parent/guardian has a specific educational need for their child to be assigned to a certain teacher, it must be received in writing at the school by April 1st. No changes will be made after this date. An example of an educational need would be if a child has speech impairment and a specific teacher has a background in speech. We will not make any changes based on social need.

Lonedell School Pledge

*I pledge to do my very best,
Wherever I may be;
I'll work hard and show respect
To those who work with me.
I'll do my part and you will see,
When we work together,
We're the best that we can be.*

Words to Parents

Research shows that parent's cooperation directly affects their child's academic placement, attitude, behavior, the degree of cooperation, and effectiveness of discipline. This process is intended to be instructional and corrective, not punitive. Therefore we ask parents to see to it:

1. Your child attends school every day.
2. Your son or daughter spends the proper amount of time in home study and preparation for his/her classes.
3. You take interest in school activities and organizations.
4. You meet your son's or daughter's teachers and inquire about his/her progress in school work.
5. You contact the teacher/principal with any concerns you are having concerning problems you believe are having an adverse effect upon your child.
6. Your child has received the proper amount of sleep and a good meal.
7. Your child has the proper school supplies.

Parents may request regarding the professional qualifications of their student classroom teacher; Lonedell is a Title 1 school.

Attendance

Student Attendance Policy

Parents are to notify school by 9:00 a.m. if a student is going to be absent. Prompt and regular attendance is essential if students are to do their best work in school. When a student is absent, the student is denied the opportunity to learn. Therefore, a student is expected to be in attendance when school is in session. All absences shall be unexcused absences unless parent/legal guardian notifies the school in writing or by telephone that their child is absent for an excusable reason. Students who are absent from school may not attend school activities or be on school property the same day or night without permission from school administration.

Any student who is absent from school without the expressed consent and/or knowledge of his/her parent(s) or guardian will be considered truant and may be reported to the Division of Family Services or the Juvenile Office (Board Regulation 2340)

Excusable absences include, but are not limited to:

- Illness of the student (Doctor's statement may be required to support such absences).
- Days of religious observance
- Death in the family
- Family emergencies which necessitate absence from school. The school must be notified in advance when such absences are foreseen. (School Administration shall define degree of emergency required to excuse absence).

Missouri Law requires children age seven and older attend school or parents may register with the state to offer home schooling. Failure to comply with the law may cause the school to notify the Division of Family Services. Suspected truancy will be reported to the truant officer.

Excessive absences which are not clearly excusable will be investigated by the principal and /or staff and appropriate action taken:

After a student has been absent for three consecutive days without contact from the parent(s)/guardian(s), the building principal will contact the parent/guardian by telephone or letter in order to inquire about the reason for the student's absence.

- If the principal is unable to contact the parent/guardian within three (3) days or the parent/guardian does not give a reasonable explanation for the absence within three days, the building principal shall send a registered letter to the parent/guardian requesting a conference within a week.
- If the parent/guardian does not contact the principal within a week of receipt of the registered letter, the building principal will make a referral

to the proper legal authorities. (Board Policy and Regulation 2310 and 2340)

Cumulative Absences

- Parents will also be notified in writing when their child has missed cumulatively, three (3), five (5), eight (8) and ten (10) days in a semester.
- Students in grades 5th-8th who are absent more than 5 days per semester (excused or unexcused) shall be required to make up the attendance with one day of Saturday School for each absence over 5 days. This is in accordance with the districts' attendance policy of 95% attendance and Missouri State Statutes 167.031, 167.081 and 167.11, which charge school officials with the duty of seeing that children are in compliance with state laws and attendance policies. Parents will be notified of this through written communication from the office. Saturday school will be offered the last Saturday of each month. Students experiencing extenuating circumstances causing absences which result in assignment of Saturday school will be left to the judgment of the principal and/or superintendent.
- Absences by a student exceeding 5 days or more in one semester, and not made up in Saturday School shall cause the student to be placed in summer school, if it is offered by the district.
- Students must attend all assigned summer school classes, maintain appropriate behavior and successfully pass each class offering.
- **Any student, who does not properly complete Saturday School or Summer School assignment, will not be able to earn credit for classes affected by the attendance violation.**

After notification of Saturday School assignment, or later Summer School Assignment, the student, his/her parent or legal guardian may file an appeal in writing within five days of notice with the principal. Upon receipt of the appeal request, an appeal committee shall then set a hearing date for the purpose of consideration of the applicant's appeal.

This committee shall consist of:

- Principal
- Counselor
- Student's Teacher(s)
- Nurse

The attendance committee's decision may be appealed to the superintendent, then to the Board of Education.

The school administration shall reserve the right to review continuous absences for medical reasons. Students, whose illness necessitates an absence of ten or more consecutive school days, may have the option for applying for homebound instruction. This may be provided upon the request of the student, approval of the student's physician, and approval from the State Department of Education.

Student Make-Up Work Policy

Students who miss school because of illness or other justifiable reasons have the responsibility of making up the missed work. One day for each day missed will be considered reasonable. Students in grades K-3 are encouraged to collect missing work upon their return to school. **It is the student's responsibility to get their missed work. Students will be expected to take tests and do homework that was announced before the absence on the day that they return to school.**

Should it be necessary to request homework from the office, it must be requested by 9:00 am. Homework will be available in the office upon request. Extended absences require a teacher/parent meeting to arrange for assignments. ***Students will be expected to take tests and do homework that was announced before the absence on the day that they return to school.***

If a student does not turn in assignments within the teacher's stated time limit, all missing grades will become zeros.

POLICY REGARDING MAKE UP WORK FOR STUDENTS WHO ARE SUSPENDED OUT OF SCHOOL

Pupils who are truant or serving out a suspension are still required to complete all assignments. Work will need to be collected to be taken home. Students returning to school without make up work completed will go to ISS until all absent work is finished.

Confidentiality of Records

Directory Information

All information contained in a student's educational record, except information designated as directory information by the District, shall be confidential and shall be directly accessible only to school officials who demonstrate a legitimate educational interest in the student's records and to parents/guardians or eligible students. Directory information means information contained in the educational record of a student which would not generally be considered harmful or an invasion of privacy if disclosed.

Protection Of Pupil Rights Amendment (PPRA)

PPRA affords parents of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include, but are not limited to, the right to:

3. Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. Lonedell R-14 district policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Lonedell R-14 will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Lonedell R-14 will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. Lonedell R-14 will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this direct notification requirement:

Student Misconduct and Disciplinary Procedures

This section describes the broad range of acts of misconduct, which are unacceptable in school. It is meant as a guideline and not as an exhaustive list of all prohibited acts. The student who commits an act of misconduct not listed in the disciplinary code of conduct

shall be subject to the discretionary authority of the classroom teacher or building principal.

The school has the right to issue discipline to students, including suspension. If the student's action adversely impacts the school environment (assault, drugs, sexual assault, violent behavior, etc.) the student will be given normal due process rights. Not necessarily limited to examples listed.

NOTE: Any of the penalties listed on the following pages can be increased or decreased at the discrepancy of the administration due to circumstances and the severity of the offense.

Search & Seizure

Desks and lockers are public property and school authorities may make responsible regulations regarding their use. School officials may inspect them if there is reasonable cause. Lockers will be checked for neatness weekly.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if a school administrator has reasonable suspicion to believe that illegal, unauthorized or contraband items, or evidence of a violation of school policy is contained inside the vehicle. (Policy 2150)

Behavior Expectations

The discipline code set out in regulation 2610 is intended to be illustrative but not an exclusive listing of acts of misconduct and the consequences for each. Misconduct that is not specifically listed in this handbook may be deemed to warrant discipline up to and including expulsion following provision of all due process procedures. In addition, the disciplinary consequence listed for each offense may be increased or decreased by the Administrator or the Board of Education due to mitigating or aggravating circumstances.

Electronic copies of regulation 2610 are available on the district website. Copies of these documents will also be available for public inspection during normal business hours in the Superintendent's office.

Discipline

In order for any organization to function properly, there must be certain expectations for performance. Lonedell R-14 has expectations of behavior that will provide for an orderly school atmosphere. Our goal is to develop students that are self-disciplined and are able

to make good judgments about acceptable behavior. Our philosophy is that no student should be allowed to disrupt the learning of other students.

The Lonedell R-14 School utilizes a discipline policy, which is explained by each individual teacher to each class at the beginning of the school year. Rules and regulations are posted in the classrooms.

Each teacher is responsible for maintaining control of his or her class in order to create an atmosphere conducive to learning. Normally, the teacher will be able to deal with students attempting to disrupt or distract from the educational objectives of the day. If the disruption or distraction continues, the teacher may elect to send the student to the principal.

When a student is sent to the principal for disciplinary action, he/she will consult the teacher, student, and possibly the parent. After consultation, the principal will decide the most appropriate action.

General Conduct

1. Students will follow board policies, rules, regulations, staff directive, and classroom procedures.

Student Due Process

The constitutional rights of individuals assure the protection of due process of law; thereof, this system of constitutionally and legally sound procedures is developed with regard to the administration of discipline in the Lonedell R-XIV School District.

1. The hallmark of the exercise of disciplinary authority will be fairness.
2. Every effort shall be made by administration and faculty members to resolve problems cooperatively with the student and parent or guardian.
3. Students must be given an opportunity for a hearing (if it meets the conditions and requirements under the “Student Discipline Hearing” section) if they or their parents/guardians indicate the desire for one if the discipline qualifies for a hearing. Please refer to the section “Student Discipline Hearings” below for specific information.

Discipline Procedures for Handicapped Students

If a handicapped student is charged with engaging in serious misconduct for which suspension may result, the principal or designee will follow these recommended procedures:

1. When suspension is considered, the Supervisor of Special Education will be notified. Notice should include action pending and reasons for such action.
2. Within five workdays of receipt of notice, the Supervisor of Special Education will reconvene the student's Individual Education Program (IEP) Committee. The committee will be considered a "Panel of Experts" charged with the responsibility of determining: (1) Whether the behavior(s) for which action is recommended is related to the student's handicapped condition, (2) Whether the student's action imperils the education of others within the setting, and (3) Whether the student is, in fact, in the appropriate least restrictive environment.
3. The composition of the "Panel of Experts" will consist of the following people:
 - a. School Principal
 - b. Supervisor of Special Education
 - c. Student's regular and/or special education teacher.
 - d. Parent/Guardian
 - e. Member of the appraisal team assigned to the school (psychologist)
 - f. The Student, when appropriate.
4. If the committee determines that the behavior under review is unrelated to the handicapping condition or that the student's behavior does imperil the education of others, the normal disciplinary procedures can proceed immediately. However, if the committee is unable to reach a decision based on the information presented, they may recommend further assessment.
5. In this event, the student will remain in the present placement until assessment is implemented and reviewed by the committee. In special cases where present placement cannot be maintained while undergoing a multi-disciplinary evaluation or would be a danger either to himself or to others within the educational setting, then the student may receive homebound instruction until the time that the evaluation has been completed. Concurrent agreement of the building Principal and Supervisor of Education can only authorize this procedure. The school will have ten working days to complete this process.
6. The decision rendered by the committee shall be communicated, in writing, to the parent/guardian, the principal and the supervisor of education following the conference. Once all issues are satisfied, the normal disciplinary procedures may proceed immediately. If, in the future, the expulsion becomes a viable alternative for a handicapped student, information gathered by the above process will be available to the Board of Education to assist them in making that decision.

CHANGE OF PLACEMENT FOR LESS THAN TEN SCHOOL DAYS

1. Disabled students who violate the School District's discipline policy may be disciplined in the same manner as other students, provided that any resulting suspension (in school (ISS) or out-of-school (OSS)) or other change in placement does not exceed ten school days.
2. Depending upon the student's misconduct and upon the specific provisions of the District's discipline policy, the disciplinary alternatives are:
 - a. Suspension for ten days or less.
 - b. Assignment to an interim alternative education setting (resource room, ISS, time out).
 - c. Assignment to another setting (homebound).
3. If the student is suspended, ISS or OSS, for ten days or less, the IEP team will:
 - a. Conduct a manifestation determination no later than ten days after the decision to impose disciplinary action to assess if the student's misconduct is related to the student's disability.
 - b. If the District has not conducted a behavioral assessment prior to the imposition of discipline, the District will convene the IEP team to conduct an informal/formal behavioral assessment to address the behavior either before, but not later than 10 days after imposing the discipline.
 - c. Review any existing behavior intervention plan and modify the existing plan, if necessary, to address the behavior which resulted in suspension, or develop a behavior plan to address the behavior.

LONG-TERM CHANGES IN PLACEMENT (DRUGS AND WEAPONS)

1. Manifestation Determination:
 - a. A manifestation determination will be made to decide if the student's misconduct is related to the student's disability for ISS or OSS or other changes in placement of one or more days.
 - b. If the student's disability is related to the misconduct, the behavior will be resolved through modifications to the student's IEP and the student may be suspended for no more than ten consecutive days.
 - c. If the behavior is not related to the student's disability, the student will be treated in a similar manner to the other students engaged in this behavior. However, educational services will not be terminated during the period of suspension and the District must continue to provide a free appropriate education.
2. Appeal:

- a. Parent/guardian may appeal suspension in excess of ten days to the Board of Education pursuant to Board policy.
- b. If the District decides to impose a suspension or change of placement for more than ten days, the District shall notify the parent/guardian of the disabled student of the decision and of all procedural safeguards.
- c. If the student's parent/guardian contests the manifestation determination, the parent/guardian may seek a due process hearing pursuant to RSMo. 162.961, and the State will provide for an expedited hearing.
- d. During any hearing challenging a manifestation determination, the student shall remain in the alternative educational setting pending the expedite hearing or until the expiration of the disciplinary period or alternative educational assignment whichever occurs first, unless the parent/guardian and District agree otherwise.

LONG-TERM CHANGES PLACEMENT (LIKELY-TO-INJURE CASES)/MANIFESTATION DETERMINATION

1. The District administrators may request a state appointed hearing officer to determine whether a disabled student is substantially likely to cause injury to others.
2. In determining whether the disabled student is substantially likely to injure others, the hearing officer will consider the following:
 - a. The likelihood of injury to the student or to others if the student remains in his current educational placement.
 - b. The appropriateness of the student's current placement.
 - c. Whether the District has made reasonable efforts to minimize the risk of harm in the current educational placement, including the use of supplemental aids and services.
3. If the hearing officer determines that the disabled student is substantially likely to injure themselves or others, the hearing officer may assign the student to an interim education placement for up to 45 days.

Student Discipline Hearings

Procedure in hearings before the Board of Education on suspension and expulsion matters:

1. Students or their parents/guardians may request a hearing before the Board of Education to contest any suspension in excess of 10 school days. The request will be addressed to the Superintendent who will review all matters concerning the suspension and make a recommendation whether to refer the request to the Board of Education for a hearing.

2. No student may be expelled until this matter is reviewed in a hearing before the Board of Education.
3. The parent/guardian may represent their student or may retain an attorney to act as a representative in the defense of the student. 7. The parties may present their version as to the charges and make such showing by way of affidavits, exhibits, and witnesses as they may desire, before testifying, witnesses shall be sworn.
8. The President of the Board of Education or the Chairman of the designated committee of the Board shall have full charge of the hearing and shall have the authority to direct its proceedings and to control the conduct of all persons present in according herewith. Such authority shall include the limitation of questioning that is unproductive, lengthy, or irrelevant. The Board of Education may invoke reasonable limitations on the number of witnesses.
9. The hearings shall not be open to the public unless requested by the student's parent/guardian or those having his/her custodial care. However, if the hearing is open to the public, the Board of Education may set reasonable limitations on the number people present upon available space and need for orderly proceedings.

OBLIGATION TO REPORT

The District is steadfastly committed to providing an inclusive environment that is free from discrimination and harassment for all of its students and staff. Unless a concern is informally resolved, staff and students shall report all incidents of discrimination, harassment and retaliation to the Compliance Officer as set forth in this Regulation. When a formal complaint is filed with the Compliance Officer, the investigation and complaint process detailed below will be used, including a possible determination by the Compliance Officer that the incident has been appropriately addressed through the informal process. Reports of discrimination, harassment and/or related retaliation must contain as much specific information as possible to allow for proper assessment of the nature, extent and urgency of preliminary investigative procedures.

INTERIM MEASURES

The District will take action to protect a complainant or persons subjected to discrimination, harassment, or retaliation as necessary during the course of an investigation. Appropriate interim measures will be offered and may include, but are not limited to, physical separation, contact limitations, reassignment, alternative work or assignments, altering class or bus seating assignments, additional supervision, counseling, training, warning, conferences, exclusion and employee suspension pending an investigation as permitted by the District's policies and law. Additional interim measures to prevent retaliation may include, but are not limited to, notification of the retaliation prohibition, confirming the individual knows how to report retaliation, and follow-up contact.

INVESTIGATION AND RESPONSE

The District will investigate allegations of harassment, discrimination, and/or retaliation and take appropriate steps reasonably calculated to resolve the situation, eliminate the misconduct, prevent its recurrence and as appropriate, remedy its effects. The District will take equitable and remedial action within its authority on complaints that come to the attention of the District, either formally or informally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement and/or the Children's Division. Regardless of whether the misconduct is reported to law enforcement and/or the Children's Division, school staff will investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an ongoing criminal investigation.

Engaging in harassment, discrimination, and/or retaliation will result in appropriate discipline or other appropriate sanctions against offending students, staff or other third parties involved in District activities. Anyone else who engages in harassment, discrimination, and retaliation on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Employees and students should fully cooperate with investigation process.

Informal Process for Resolution

The District takes seriously the obligation to investigate complaints of discrimination, harassment, or retaliation and to take appropriate remedial measures when necessary. The District recognizes that the obligation to investigate and remedy may be accomplished through an informal process, depending on the circumstances.

Anyone may use informal procedures to report and resolve complaints of harassment, discrimination, and retaliation. If a staff member receives an informal complaint of harassment, discrimination, and/or retaliation and the complaint cannot be resolved

informally, the staff member shall inform their relevant building administrator or supervisor. The administrator/supervisor may attempt to resolve the matter informally and should inform complainants of this Regulation.

Building administrators/supervisors shall provide information to the Compliance Officer on a regular basis about complaints reported and resolved through the informal process.

Informal complaints may become formal complaints at the request of the complainant, parent/guardian, or the District.

During the course of the informal complaint process, the District will take prompt and effective steps reasonably calculated to end the harassment, discrimination, and retaliation and to correct any effects on the complainant.

Informal remedies may include, but are not limited to:

- If the complainant so desires, an opportunity for the complainant to explain to the alleged harasser that his or her conduct is unwelcome, offensive or inappropriate, either in writing or face-to-face;
- A statement from a staff member to the alleged harasser that the alleged conduct is not appropriate and could lead to discipline if proven or repeated;
- Developing a safety plan;
- Separating students; or
- Providing staff and/or student training.

The District will inform the complainant (and their parent/guardian when applicable) how to report any subsequent problems. Additionally, the District may conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems.

Formal Process for Resolution

Step One – Complaint to District

Anyone may initiate a formal complaint of harassment, discrimination, or retaliation by filing a written complaint with the District's Compliance Officer. At any step in the formal resolution process, where appropriate, the District will take interim measures to protect the complainant or alleged victim before the final outcome of the District's investigation. Additionally, the District may appoint an outside investigator at any step of the informal or formal resolution process. A subordinate shall not investigate his/her supervisor.

The following process will be followed at Step One:

Filing of Complaint

- All formal complaints will be in writing and will set forth the specific acts, conditions or circumstances alleged to have occurred and to constitute harassment, discrimination or retaliation. The Compliance Officer may draft the complaint based on the report of the complainant for the complainant to review and approve. The Compliance Officer may also conclude that the District needs to conduct an investigation based on information in his or her possession, regardless of the complainant's interest in filing a formal complaint.

- Formal complaints must be submitted to the Compliance Officer.

- A charge or complaint of discrimination, harassment, or retaliation filed with an outside agency does not constitute a formal complaint or trigger an obligation to follow the formal complaint investigation procedures as contemplated under this Regulation.

Investigation of Complaint

- The Compliance Officer will receive and investigate all formal, written complaints of harassment, discrimination or retaliation or will investigate if information in the Officer's possession leads them to believe further investigation is required. The Compliance Officer will delegate his or her authority to participate in this process if such action is necessary to avoid any potential conflicts of interest. Upon receipt of a complaint, the Compliance Officer will provide the complainant a copy of this Regulation.

- Investigations will be carried out in a manner that is adequate in scope, reliability and impartiality. During the investigation process, the complainant and accused party or parties, if the complainant has identified an accused party, will have an opportunity to identify witnesses and present relevant evidence. The District and complainant may also agree to resolve the complaint in lieu of an investigation.

- When the investigation is completed, the Compliance Officer will compile a written report of the investigation. The report may include a recommendation of appropriate action to remedy the allegations included in the complaint. The Compliance Officer will forward the report and recommendations to the Superintendent. If the Superintendent is the subject of the complaint, the report and recommendations will be forwarded to the Board President.

Response to Complaint

- The Superintendent will review the report completed by the Compliance Officer.

- The Superintendent will respond in writing with a Letter of Outcome to the complainant and the accused party within thirty (30) calendar days of the Compliance Officer's receipt of the written complaint, unless otherwise agreed to by the complainant or if circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the District will notify the complainant in writing of the reason for the extension and the anticipated response date.

- The Letter of Outcome will include: 1) a statement of the outcome of the investigation including whether a preponderance of the evidence establishes that harassment, discrimination, and/or retaliation occurred in violation of Policy 1300; 2) if violation of Policy 1300 is found to have occurred, the assurance that the District will take steps to prevent recurrence and remedy its effects on the complainant and others, if

appropriate; and 3) notice of the right to appeal to the school board and the necessary filing information.

- Any corrective measures deemed necessary will be instituted as promptly as reasonable.
- The District will inform the complainant (and their parent/guardian if the complainant is a student) how to report any subsequent problems. Additionally, where appropriate the District will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to respond and appropriately address continuing or new problems.
- If the Superintendent is the subject of the complaint, the actions set forth herein to be completed by the Superintendent will be completed by the Board President.

Step Two – Appeal to Board of Education

Notice of Appeal

- The complainant or accused party may appeal to the Board of Education by filing a written notice of appeal with the secretary of the Board within ten (10) calendar days following receipt of the Letter of Outcome.
- On receipt of the written appeal, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting, unless otherwise agreed to by the complainant and the superintendent or for good cause.
- Parties will be allowed to provide comment and information as the Board deems relevant and material.

Board Decision

- Unless otherwise agreed to by the appealing party, the Board will provide written notice of its determination within thirty (30) calendar days following the filing of the notice of appeal and provide the appealing party with a copy of the determination.

RETALIATION

The District prohibits retaliation against a person who files a complaint of discrimination or harassment, and further prohibits retaliation against a person who participates in related proceedings or investigations.

Notwithstanding this provision, employees or students found to have intentionally made false or materially misleading allegations of suspected discrimination, harassment and/or related retaliation under this Regulation may be disciplined, up to and including dismissal or expulsion.

CONFIDENTIALITY

The District will respect the privacy of the complainant, the individuals against whom the complaint is filed, and the witnesses to the extent possible, consistent with applicable law, the District's legal obligations to investigate, to take appropriate action, and to

conform with any discovery or disclosure obligations. However, pursuant to the District's discretion, information may be disclosed, if necessary, to aid in the investigation, resolution, or appeal of the complaint.

CONSEQUENCES AND REMEDIES

The District will take prompt, effective and appropriate action to address substantiated discrimination, harassment or retaliation, prevent its recurrence and remedy its effects.

Consequences

Consequences for violations of this Policy and Regulation may have educational, restorative, rehabilitative and/or punitive components.

Conduct constituting harassment, discrimination or retaliation as defined in this Regulation will be subject to discipline including, but not limited to, written warning or reprimand, conference, required training, "no contact" order, reassignment, probation, suspension or termination for employees, suspension or expulsion for students, or exclusion from District property.

In the event that the evidence suggests that the conduct at issue is also a crime in violation of a Missouri criminal statute, the District Compliance Officer shall report the conduct to the appropriate law enforcement agency charged with responsibility for handling such crimes.

As required by and in compliance with law and District policy, a report will be made to the Missouri Children's Division if there is reasonable cause to suspect abuse or neglect of a child.

Students, employees and others will not be disciplined for speech in circumstances where it is protected by law.

Remedies

The District will consider remedies for the victim as appropriate including, but are not limited to, providing additional resources such as counseling, moving or reassignment of the perpetrator, or allowing the victim to retake or withdraw from a class.

An allegation of discrimination, harassment and/or related retaliation complaint may not necessarily stop, delay or affect pending personnel actions. This includes, but is not limited to, performance evaluations or disciplinary actions related to a reporter who is not performing at acceptable levels or standards or who has violated district policies or regulations.

TRAINING & PUBLICATION OF POLICY

The District will train its employees on this Policy and Regulation. The training will include the requirements of nondiscrimination and the appropriate responses to discrimination, harassment, and retaliation. The District will notify its employees to report complaints of discrimination, harassment or retaliation in accordance with this Policy. This training will be provided to employees on an annual basis, and at such other times as the Superintendent, in consultation with the District's Compliance Officer, determines is necessary or appropriate. Additionally, the District will provide additional training to the District Compliance Officer on identifying, investigating, and reporting on acts that may constitute discrimination, harassment or retaliation. District students will be notified regarding this Policy. This Policy will be posted on the District's website and available in Central Office.

Acts Of Violence or Serious Violation of School Board Policy

Violent behavior and the phrase acts of school violence are defined as the use of physical force by a student with the intent to do serious physical injury to another person while on school property, including a school bus, or while involved in school activities. These require districts to maintain records of the offence.

The Principal will report to the Superintendent/designee will report to law enforcement officials, as soon as is reasonably practicable, the commission of any of the acts or related juvenile offenses listed in Regulation 2673, which are committed on school property, including school buses, or while involved in school activities.

Dresscode

Dress Code

THE DRESS CODE MUST BE FOLLOWED DURING SCHOOL AND AT ALL SCHOOL ACTIVITIES.

Students are expected to dress in school appropriate clothing. Extreme dress and personal appearance that tend to cause distraction or pose health problems will not be tolerated at school. Common sense and reasonable attitude should eliminate the need to correct students in the area of dress and personal appearance. However, in those cases of abuse, the school administration will make the final judgments. Students who fail to dress appropriately will be loaned appropriate clothing if their parents are unable to bring appropriate clothing to school. The district is not responsible for damage to cell phones stored in the school office. Violation of this policy will result in in-school suspension, while second offenses will result in out-of-school suspension being imposed.

Parents may apply to the building principal to obtain a hardship exception. In such cases, the student's cell phone must be retained in the principal's office. Compass Health Center Partnership

The Lonedell R-14 School District is excited about its partnership with Compass Health Center. Compass received funding through the Franklin County Resource Board. This partnership will allow a service worker to be in our district weekly to provide additional support for students and families. If you choose not to participate in this provided resource, please notify the office in writing.

Said label must contain the name of the student, name of the drug, dosage, frequency of administration, route of administration, diagnosis and the prescriber's name.
3. A parent/guardian must request in writing that the School District comply with the authorized prescriber's request to give medication. (The district will not administer the initial dose of any new prescription except in an emergency.)

Over-The-Counter Medication:

Over-the-counter medications may only be administered with parental permission. A completed Health History and a completed over-the-counter medication form must be on file before any oral medication may be administered. Over-the-counter oral medications will only be given three (3) consecutive days or five (5) times in a school calendar year without a written prescription from a physician/nurse practitioner. The school nurse has a supply of certain over-the-counter medications, any other medications that parents wish or their child to take should be given to the nurse in the original packaging along with the signed parent permission to give over-the-counter medication form.

Emergency Medication

Written standing orders will be obtained annually for the administration of emergency medication.

Storage and Administration of Medication

1. A parent/guardian or other responsible party designated by the parent/guardian will deliver all medication to be administered at school to the school nurse or designee. All medication, prescription or over-the-counter, must be in a pharmacy or manufacturer-labeled container. The School District shall provide secure, locked storage for medication to prevent diversion, misuse, or ingestion by another individual.
2. The administration of medication, over-the-counter medications, is a nursing activity, governed by the State of Missouri Nursing Practice Act. The registered professional school nurse must perform it. The nurse may delegate and supervise the administration of medication by unlicensed personnel who are qualified by education, knowledge and skill to do so. The registered nurse must provide and document the requisite education, training, and competency verification. The nurse is also empowered to contact the prescriber or pharmacist filling the prescription to discuss the prescription if the nurse has questions regarding the administration of such medication.

Self-Administration of Medication

Possession and self-administration of these prescription medications must comply with the Missouri Safe Schools Act, 1996. The directives of this Act will be given to each parent/guardian who requests that his/her student be permitted to carry and self-administer such medication. Permission form for self-administration is part of this regulation.

Students with asthma, anaphylaxis, or any chronic health condition may carry with them for self-administration metered-dose inhalers containing "rescue" medication. Possession and self-administration of these prescription medications must comply with the Missouri Safe Schools Act, 1996. The directives of this Act will be given to each parent/guardian who requests that his/her student be permitted to carry and self-administer such medication. 5. The student's parent/guardian has signed a statement acknowledging that the district and its employees will incur no liability as a result of any injury arising from self-administration of medication by the student or administration of such medication by school staff. (see Form 2870.1)

The authorization for the possession and self-administration of medication to treat a student's asthma or anaphylaxis permits authorized students to possess and self-administer such student's medication while in school, at a school sponsored activity, and in transit from school or school sponsored activity. Such authorization will be effective for the school year when issued and for the school attended when the authorization is issued. Such authorization must be renewed each subsequent year in order to remain effective. Information concerning the student's condition treatment plan, authorization, and related documents will be kept on file in the school nurse's office and be easily accessible in the event of an asthma or anaphylaxis emergency. Duplicate prescribed medication, as described in this policy, will be kept in the school's nurses office and be reasonably accessible to the student and school staff in the event of an asthma or anaphylactic emergency.

Parent/Guardian Administration

In situations where the above requirements are not met, or any time the parent/guardian chooses, the parent/guardian may come to school to administer medicine to his/her student.

Exception for Potential Harmful Administration

It shall be the policy of this School District that the District will not knowingly administer any medication to a student if the School District's registered professional school nurse believes, in his/her professional judgment, that such administration should cause harm to the student, other students, or the School District itself. Such cases may include, but are not necessarily limited to, situations in which the School District is being asked to administer medication in a dosage that exceeds the highest recommended dosage listed

in the current annual volume of the Physician's Desk Reference or other recognized medical or pharmaceutical text.

1. The District's policy and regulations on communicable diseases, including detailed information about procedures to be implemented if a student with a chronic infectious disease is enrolled, will be disseminated annually to parents of all students attending Lonedell R-XIV School District.
2. All employees will follow the most recent guidelines issued by the Centers for Disease Control (A copy of which shall be on file in the office of the Supervisor of Health Services and in the office of each school nurse). This includes applicable universal precautions in cleaning up body fluid spills, regardless of whether an individual is infected with a body fluid or blood-borne pathogen is known to be present in the school environment or related activities. Willful or negligent disregard for these precautions by any staff member will be cause for disciplinary action,

Acute Infectious Disease

A staff member, who has reason to believe that a student has been exposed to a contagious infectious disease, or who observes symptoms of such a disease, shall inform the principal. The principal will consult with the school nurse about the child.

1. If the school nurse determines that the student has an acute contagious or infectious disease, the principal will exclude the student from school for the number of days specified in the latest revision of the Missouri Department of Health Publication (Prevention and Control of Communicable Diseases – A Guide for School Administrators, Nurses, Teachers and Day Care Operators), PACH – 16, or until a physician certifies that the student no longer is liable to transmit the disease.

2. If a student has been excluded from school by the principal because the student has or is suspected of having an acute contagious infectious disease, the student and his/her parent/guardian may appeal such decision in writing to the Superintendent. The Superintendent may require the student to be examined by a physician designated by the District, the child's own physician, or both – at the option of the Superintendent. The student shall not attend classes or participate in school activities during the appeal period.

Chronic Infectious Disease

1. If the principal, after consulting with the school nurse, determines that a student may have a chronic infectious disease, the student may be excluded from school and provided an education in an alternative setting until the following procedures have been concluded. Prior to excluding the student, the student's parents/guardians shall receive written notification of the intent to exclude and their procedural safeguards as set forth in the District's compliance plan for Section 504 of the Rehabilitation Act of 1973.
2. The principal shall immediately report any student who has or is suspected of having a chronic infectious disease to the Superintendent or his/her designee. The Superintendent or his/her designee shall, within three (3) working days, appoint a review committee to assess the student's medical condition. The committee should include the following:

Homework

Homework Policy

Homework is a necessary function of school. Please check your child's backpack every night for homework assignments, notes, etc. Homework must be completed and is due on the date designated by the teacher. Students should read 15-20 minutes per night in addition to homework. Teachers may provide parents and students specific objectives/syllabus related to their class expectations, including homework. These objectives should be followed.

Instruction

Physical Education Participation

It is the policy of the physical education department not to accept written excuses from the parents without a physician's note. Therefore, we encourage all students to do their best in participation each day, with the exception of obvious injuries such as broken arms, legs, sprained ankles, etc. Students should wear appropriate gym shoes during physical education class. Improper shoes or dress will be considered a failure to participate.

Human Sexuality Curriculum (Policy 6116)

The parents/guardians of each student will be advised of:

- The content of the District's human sexuality instruction;
- Their right to remove their student from any part of the District's human sexuality instruction.

This code of practice governs the publishing of information in electronic format by students of Lonedell R-14 School, and in particular, the use of school computer facilities.

Lonedell School District is committed to ensuring a learning environment in which all persons treat others with humanity and respect. Every student is expected to conduct himself/herself in a manner which will not discredit or harm the school or its members. Failure to maintain this standard shall constitute a breach of school policy.

It is important that information systems are not misused by the sending or displaying of material, or publicizing access to such material, which is offensive or illegal.

PORNOGRAPHY- the displaying or accessing of pornographic or sexually explicit material is not allowed.

LIBEL- facts concerning individuals or organizations must be accurate and verifiable, and views or opinions must not portray their subjects in a way which could damage their reputation.

Students are required to agree with the following computer ethics:

1. Never knowingly post or forward information that is not true.
2. Have good manners.
3. Be creative, not destructive.
4. Always obey copyright laws.
5. Think before you send.
6. Not use someone else's account or password or share yours with anyone.
7. Obtain permission before uploading, downloading, and printing.
8. Follow the Network Etiquette and Privacy of District Regulation 6320

11. Use school computers during school hours for school required research or projects and refrain from using the Internet for personal interest or using personal e-mail accounts.

Parents who do not want their children using the Internet or e-mail need to send a letter to the office stating that request. Otherwise signing and returning the student handbook form implies students are allowed to use the Internet/e-mail.

Food Service

Lunch/Breakfast Program

The Lonedell R-XIV Elementary School provides a well-balanced breakfast and lunch each day.

To prevent problems and/or misunderstandings, we recommend that parents/guardians pay for meals in advance. It works best if students pay for in advance, weekly or monthly. If paying for more than one student's meal with one check, write the name of the students on the check. This also helps with only one student per check

Breakfast	Full Price \$1.80	Reduced Price \$0.30
Lunch	Full price \$2.65	Reduced Price \$0.40
Extra Milk	\$0.30	Lost or Destroyed Lunch Card \$1.00

For students to receive a regular school meal, a positive balance must be maintained in their account. In the event that the lunch balance reaches \$25.00, students will be served a sandwich along with one carton of milk. All charging will close on May 1st each year. If parents/guardians fail to provide meals for students, the Department of Family Services will be notified of failure to provide their child with meals, resulting in Educational Neglect.

After 60 days of student withdrawal, food services student accounts of \$5.00 and under will become district revenue/funds unless a request is made for the balance.

Free and Reduced eligibility guidelines are available upon request in the elementary office or on our website at Lonedell.org.

Promotion/Retention Policy

K-8 Promotion/Retention Policy

The purpose of promotion and retention is to provide maximum consideration for the long-range welfare of the student and to provide an opportunity for each student to progress through school according to his/her own needs and abilities. It is expected that most students in the schools will be promoted annually from one grade level to another upon completion of satisfactory work, however, a student may be retained when his/her standards of achievement or social, emotional, mental, or physical development would not allow satisfactory progress in the next higher grade. Parent(s)/guardians who wish to appeal the decision for retention must first contact the building principal. If parents/guardians do not accept the decision at the building level, an appeal may be made in writing to the Superintendent. All appeals must be requested within two (2) weeks after the close of school.

In recommending promotion or retention, these factors will be considered:

- Academic achievement in all subject areas, especially attainment of grade level objectives, as determined by tests, teacher assignment, and work samples.
- Chronological age.
- Study Habits.
- Attendance.
- Social and emotional maturity.
- State-mandated retention requirements for primary/middle school students

Fifth through Eighth Grade Promotion/Retention

Students must pass academic classes before moving to the next highest level of the course. Students with a single **semester** class failure may make up class work in summer school, if available or Saturday School. **Students with two semester failures are subject to retention.** Retention at grade level also may result when attendance regulations are not met. Parent conferences for students at risk of retention will begin in January each year. Parents will have the opportunity to speak with all teachers involved with the student on several occasions. Every effort will be made to provide students with individualized assistance, testing for disabilities (when appropriate) and modifications, when necessary. Students are, however, accountable for their grades. It is important that all parties work together to help students succeed. Teachers are asked to maintain consistent communication with parents when retention is a possibility. The final decision regarding retention will be the responsibility of the administration and will not be made until all grades are final.

Appeal of Retention Decisions

Parents/guardians who wish to appeal a decision regarding a student's retention must first contact the building principal. If parents/guardians do not accept the decision at the building level, an appeal may be made in writing to the Superintendent. All appeals must be requested within two (2) weeks after the close of school.

Reading Levels and State-Mandated Retention

Third Grade Students

Third grade students who cannot demonstrate a reading level at or above the third grade level will be administered a reading assessment within forty-five (45) days of the end of their third grade year. If this assessment reflects that the student is reading below the second grade level, the District will design and implement a reading improvement plan for the student's fourth grade year. The reading improvement plan must include a minimum of thirty (30) hours of additional reading instruction or practice outside the regular school day during the fourth grade year. In addition, the District may require the student to attend summer school for reading instruction as a condition of promotion to the fourth grade.

Fourth Grade Students with Reading Improvement Plans

Within forty-five (45) days of the conclusion of the fourth grade year, the District shall administer another reading assessment to those fourth grade students for whom reading improvement plans had been designed. If this assessment reveals that the student is reading below a third grade level, the student shall be required to attend summer school to receive supplemental reading instruction. At the conclusion of summer school, the student shall be given another reading assessment. If the student is still reading below third grade level, the student shall not be promoted to fifth grade. Students shall not be retained more than once on the basis of their inability to satisfy the third grade or fourth grade reading standards. However, the District may, at its discretion, retain any student with a reading improvement plan who has not completed summer school for supplemental reading instruction.

Fifth and Sixth Grade Students

The reading assessment process shall be repeated on a yearly basis through the end of students' sixth grade years, accompanied by a corresponding increase in the required reading level. The reading assessment process will also be applied to students who initially enter the District in grades four, five or six and who have been determined to be reading below grade level. The permanent record of students who are determined to be reading below the fifth grade level at the end of the sixth grade shall carry a notation stating that the student has been unable to meet the minimal reading standards. That notation will be removed from the student's record once the District determines that he or she has met the standards.

Exceptions

The following students are exempt from the reading assessments:

- Students receiving special education services under an Individualized Education Program (IEP) pursuant to §162.670, RSMo.
- Students who are receiving special education services pursuant to Section 504 whose service plan includes an element addressing reading.

- Students who have limited English proficiency.
- Students who have insufficient cognitive ability to meet the reading requirements.
- However, a reading improvement plan shall be provided for these students in accordance with law.

8th Grade Graduation Requirements

- Once an eighth grade student accumulates 2 semester F's, they will lose the privilege to participate in graduation and all activities associated with graduation, and are subject to retention.
- Inability to maintain appropriate attendance, as set forth by the district attendance policy, will exempt students from graduation and all activities associated with graduation, as well as possible retention.
- Any student enrolling after the start of the 4th quarter will not be allowed to participate in graduation.

In accordance with District Policy 6115

Public Notice/Surrogate Parent

The State Board of Education is required to appoint a surrogate parent at such time as it becomes evident that a child with a disability does not have a parent, or a person acting as a parent, to participate in matters dealing with the provision of special education. For purposes of surrogate parent appointment, "parent" is defined as biological parent, a guardian, or a person acting as a parent of a child including, but not limited to, a grandparent, a stepparent, or a foster parent with whom the child lives. The term does not include the State if the child is a ward of the State. The term does not include a person whose parental rights have been terminated. The Lonedell School District has been given the responsibility to determine when a child with a disability who requires special education and who resides in the district is without a parent. The district must notify the Missouri Department of Elementary and Secondary Education of the need to appoint a surrogate parent. Training for persons serving as a surrogate parent will be provided by the Missouri Department of Elementary and Secondary Education and the district. If you are interested in volunteering to serve as a surrogate parent, more information can be obtained from the district's surrogate contact person-the person responsible for the district's special education program. This notice will be provided in native languages as appropriate. For more information you may contact the Lonedell School District's Director of Special Education - Jeannine Berti at 636-629-0401.

Transportation

Transportation

The Lonedell R-14 District will provide free bus service transportation for students who live more than one mile from the school.

Good behavior is expected from students while they are riding the bus to and from school.

Students will load and unload at the front of the building's entrance. This should be done quickly as possible with SAFETY in mind at all times.

Students needing to ride a bus other than their assigned bus must have a note or a telephone call from their parents and must see an administrator for approval. Acceptable reasons for needing to ride a different bus must be of critical nature, such as death or illness in the family, parents out of town, etc.

Bus Discipline Policy

School wide policies and rules are in effect on school busses the same as at school. Bus drivers are responsible for the behavior of students on busses and will report behavior problems to the BK Bus Line Supervisor, who may deny students transportation for a specified period of time. BK Supervisors will report the incident to the school principal who may suspend bussing privileges indefinitely.

Bus Rules & Regulations

Major components of bus safety include, clean, well maintained equipment, and regulations that help to ensure good conduct and mutual respect, both among students and between driver and students. BK Bus Service provides well maintained buses. The students, drivers, parents, BK Service personnel and school must work cooperatively to ensure safe conduct and respect on the bus.

The student plays a very important role in maintaining safety on the bus. When the student is acting in a way that jeopardizes his/her own safety, or the safety of others, this will result in disciplinary action.

Students will load and unload at the front of the building's entrance. This should be done as quickly as possible with SAFETY in mind at all times.

Students needing to ride a bus other than their assigned bus must present the driver with a note from the office.

Because of the possibilities for serious accidents, inappropriate behavior will not be tolerated on the bus. All school policies and rules are in effect on school busses the same as at school. Any offense by a student that occurs on transportation provided by the

school shall be disciplined in the same manner as if the offense had occurred at school. In addition, transportation privileges may be suspended or revoked. Below are additional regulations that students utilizing transportation provided by the school are responsible for adhering to.

STUDENTS WILL BE HELD RESPONSIBLE FOR THE FOLLOWING REGULATIONS:

1. Students must obey the driver. The driver is in charge of the students on the bus. The driver may:
 - Assign students to specific seats for any length of time they deem necessary.
 - Refuse to let a student board the bus until the student obtains permission to do so if the driver feels order and safety on the bus is in jeopardy.

 - No glass items are permitted on the school bus.
 - Alcohol or controlled substances will not be permitted on the bus.
 - The use of tobacco in any form will not be permitted on the bus.

- Profane and/or disrespectful language will not be tolerated on the bus.

DISCIPLINARY MEASURES REGARDING BUS PRIVILEGES

Bus slips serve as a record and keep the parent informed about student misconduct on the bus. The need to give a student bus slips for offenses of a lesser nature will start a process involving levels of disciplinary action. The levels of disciplinary action regarding bus privileges are as follows:

1st Offense – Warning

2nd Offense – 1 day bus suspension

3rd Offense – 3 day bus suspension

4th Offense – 5 day bus suspension

5th Offense – Bus suspension of a minimum of 10 days, or the remainder of the school year, or until such time the school gives permission for the student to again ride the bus.

MISCONDUCT OF A MORE SERIOUS NATURE

Some acts of misconduct are extremely offensive, disrespectful, or dangerous to the health and safety of others on the bus. Such misconduct will not require the use of bus slips. The bus driver may remove the student from the bus until proper action can be taken.

BUS CONDUCT REPORT

A bus conduct report will be filled out by the driver noting which offense and appropriate disciplinary action taken. The white and yellow copies of the report will be sent home with the student for parent/guardian signature. The student returns the white copy to the driver (with parent/guardian signature) and the parent/guardian keeps the yellow copy. If it is the student's first offense (warning) the student will have two days to return the signed copy to the driver. If not returned, the school will suspend the student from the bus until the signed copy is returned to the driver. If the student is suspended from the bus, the student cannot board the bus after the suspension without the signed copy being returned to the driver.

Reviewed May, 2015 B.K. Bus, Judy Wagner

Transportation Crisis Plan

No student 2nd grade and under will be released from the bus if a parent/guardian is not present at the bus stop at time of drop off.

This form will be referenced in the event that an emergency arises and the bus driver finds no one at the bus stop to pick up the students. If a parent/guardian is not present at the bus stop to pick up the student, the student will be brought back to school by the bus driver. The bus driver or another BK Bus Service employee will call the emergency contact(s) listed below to inform them that there was no one present at the bus stop to pick up the student and therefore the student is being brought back to school. If BK Bus is unable to contact parent(s)/guardian(s) or emergency contacts after repeated attempts, the following agencies will be contacted:

1. Franklin County Sheriff's Department
2. Division of Family Services

The bus driver will wait with the student and a representative from the District at the school until the student is picked up by an emergency contact, parent, Division of Family Services, or Sheriff's Department.

Please note, this crisis plan is for emergencies only. Please do not abuse this system. If the emergency crisis plan has to be implemented more than three times per school year, Division of Family Services may be contacted.

It is the parent/guardian's responsibility to notify the Lonedell R-14 School District with any changes to the contact information.
