Each class will focus on outdoor adventure survival techniques throughout the weeks of summer school. They will learn about:

- Arts and Crafts
- Camp Competitions
- Outdoor Adventures
- Outdoor cooking
- Outdoor Safety
- Strategic Games
- Survival Strategies
- Team Building

We will have the opportunity, as a school to play the games, share the learned information with the other classes, and enjoy being a part of "Summer Camp 2018".

Our summer school this year will be May 30– June 29th. We have added 3 extra days, Hooray! Summer school gives our students the opportunity to explore and research new and exiting topics with deeper appreciation.

The summer school attendance policy is different than during the school year. Students are allowed to go to whatever summer school program they want which allows students who do not live in the Lonedell District to attend our program. What a wonderful opportunity to meet new and returning students; we are always making new friends.
