Our summer school this year will be June 1—June 30th. Summer school gives our students the opportunity to explore and research new and exiting topics with deeper appreciation.

The summer school attendance policy is different than during the school year. Students are allowed to go to whatever summer school program they want which allows students who do not live in the Lonedell District to attend our program. What a wonderful opportunity to meet new and returning students; we are always making new friends.
